Dear Parents,

We are continuing our Community Unit this week. We will be focusing on Map skills and learning about directions. If you have any maps or an atlas at home it is great for kids to see them and use them. We are also working on the long vowels. We are focusing on the silent e the next couple of weeks in both our spelling and our Words Their Way word sort. Please make sure your child is reading and writing each day. January is a big time here in first grade when the decoding of words really start to click. We are also working on fluency, sight words and comprehension. In Math the kids are writing equations, number stories and number lines. We are getting excited for the school carnival that is on January 25 for 6:00-8:00. It is a fabulous family event and is a great fundraiser for the school. Keep up the great work with homework and book-in-a-bag. Remember if you have a conflict or questions about homework just let me know! I know how busy life can get at times. Have a great week!

Up Coming Events:

Monday, Jan. 21-No school- teacher work day

Friday, Jan. 25 – School Carnival from 6-8:00

Have a great week!

Paula ☺
