

# Andrew's Weekly Peek 3/13/23 - 3/17/23

## Upcoming Events

March 20 -22.....5th grade to Eagle Bluff  
March 23.....Report Cards go home  
March 24.....No School - Nerstrand Only  
March 27 -31.....Spring Break - No School

Hello Woodlands families,  
Next week will be a busy week for us! In Writing, we have begun our next writing project where students are researching information on how to survive in a specific environment. Next week we will be focusing on procedural writing by explaining steps to build shelter or make fire. We will be talking about fire safety and only using what we learned for survival situations.

In social studies, students are finishing up their colony movies, which I can share when done. Next week, I am hoping to begin our next science unit on Solutions and Mixtures. Students will be learning about physical properties of materials, strategies for separating materials, and be introduced to chemical reactions.

5th gradeEagle Bluff: Students and chaperones will also need to complete the [medical/liability form](#). This will be a digital form directly from Eagle Bluff that must be completed for participation. We are accepting payments, and hope to have this taken care of before March 1st. Families are encouraged to contact the office for a scholarship if needed. For more information on the Eagle Bluff trip, [please click here](#).
