Dear Families,

We've had a great first week of school together. We wrote about our “hopes and dreams” and started to make rules to help us achieve these. We also made some fun projects to look at at the end of the year to see how far we've come. We ended the week with a gummy worm problem solving “Sci Fri” science experiment! Friday is Prairie Appreciation Day. We ask that students wear long pants and tennis shoes for walking in the prairie. Book orders went home yesterday and are due back this coming Thursday, September 12th. What better way to get your child excited about reading this year than with some fun new books! Please make sure to fill out and turn in all the paperwork from Open House as soon as possible. If you have any questions or concerns, please don’t hesitate to let us know.

Enjoy your weekend!
