

# The Eagle's Nest

May, 2019 A Publication of Nerstrand Elementary School, Nerstrand, MN, 55053

*(5th grade students will share some of their favorite memories while at Nerstrand Elementary.)*

## BY FAITH

My life lesson was how to control my self. The teachers that helped me with that were Andrew and Heather and a lot more teachers. The people that I will miss are my friends like Mila, Ary, Heather, Lillian, Lynus, and more. The teachers that I will miss are Andrew, Heather, Morgan, Carmen, and every teacher that I had. My favorite memory was hanging out with everyone at the 5th Grade Field Day.

## BY BRAXTON

I enjoyed having DARE and I will remember getting DARE stuff. We got a pencil, pencil grip, a notebook, a DARE shirt, and a pencil pouch. I will miss all of my friends here at Nerstrand, especially Henrik, William, and Ary. I will always remember playing and having fun at recess. Thank you.

## BY LYNUS

Something I will never forget is, all the fun stuff we did and all the events we did. Like how we had beach day yesterday. And that was my favorite day of the year. And field day was supposed to be tomorrow but it is supposed to rain. So it was postponed to next week. And I will also miss my friends that I made here at Nerstrand and I will have to walk a lot in Middle School. And here you have to move to Ph. Ed. and music and in Middle School you have a lot of teachers. Here at Nerstrand you have only three.

## BY CLAIRE

Hi, my name is Claire. I've been at Nerstrand since kindergarten. I'm going to miss this school a lot. I've met a lot of great teachers and friends here at Nerstrand and am going to miss them. They have taught me a lot. A life lesson I learned at Nerstrand is to always have an eraser and pencil so you are ready to go if you have to write something down. Some of my favorite memories were being an ambassador, having sci-fri with Tara, and having such nice teachers. Some things I will miss when leaving Nerstrand are the teachers, being an ambassador, and recess. One of my favorite school events was the sock hop, because you get to dance in your socks. My favorite class is art and reading. You should always try new things in each class even if they are hard.

## BY AIDEN

I will never forget Nerstrand. There were so many fun field trips. Such as when we got to ride on the coach bus to the Como Zoo. I will also miss all of our school's concerts. I also loved going to Wolf Ridge with all of my friends. I will never forget Nerstrand. I had so much fun here. I loved working with Larry and Carmen in Peace Garden. I liked making the globe and planting the flowers. I would like to thank all the teachers and paras for all the help they gave me. I would like to return to Nerstrand for the community band. I learned so many life lessons from all of the teachers and they made me the respectful, kind, kid I am.

**BY RUBY**

To be honest I never thought this day would come. Today I'm graduating! I'm really going to miss this school and the people in it too. Even though I'm really excited to go to Middle School I'm really going to miss this school. I remember my first day here at Nerstrand Elementary. Back then I only had one friend for a while, but then eventually I made new friends. So much has happened this year. I've made so many new friends and I've even lost a few too. I wish all of my friends were going to the same Middle School as me because I'm really going to miss them. But that's okay because I know I'm going to make some new friends in Middle School. I still can't believe I'm graduating. I wish this school went on to 6th grade too because I don't want to leave. Even though sometimes I didn't want to go to school my classmates here have sort of become my family. One of my favorite traditions here at Nerstrand is walking out to the Big Woods. To be honest I don't really know why it's one of my favorite traditions. Probably because you get to see a lot of nature and cool stuff while your walking out there. Another one of my favorite traditions here at Nerstrand is 5th grade Field Day. 5th grade Field Day is one of my favorite traditions because it's fun cheering your teammates on, and because you get to do a bunch of different relays and different field events. I'm really going to miss this school. And I know for a fact I won't forget this school because one, there have been so many memories that I will never forget, and two, I live right across the street so I think it won't be that hard to forget. I remember when my cousin Aneliese and I were in the same class. But then Aneliese sadly had to move to Duluth, but I still get to see her. She used to live next to me and every morning I would go to her house and play with her before school. But I just want to thank Nerstrand for giving me a good experience.

**BY OLIVIA**

During my 6 years at Nerstrand, I learned a lot. Not just about math, reading, and history, but also about myself and my peers. I learned that I am strong and I can stand up for myself and that all the students at Nerstrand are not just my peers, but also my friends. Whether boy or girl, we've all been through a lot together these past 6six years! When I first came, I only knew a couple people form pre-school, so Nate and Kate were kind of my first friends because I didn't know anyone else besides them, all I did was come to school to learn and look cute. And I can't forget about Wolf Ridge! None of us will! We survived the Polar Vortex 2019...outside...while everyone else had the week off because of the cold! I really would love to go back to Wolf Ridge...but in the summer! Thank you, Morgan, Andrew, Maggie and all the chaperones for making our trip so fun and memorable!

**BY KAYLIE**

Something I will be grateful about being in this school is 5th grade Field Day because when I was running and throwing everyone was cheering on for me. An since they cheered for me and gave me a good luck sign I cheered for them and said good luck to them too. The things I did for Field Day were softball throw, bocce toss, 200 relay and 800 run. During the 800 run the 3rd lap I couldn't breath and that's one thing I was scared of and it happened. I did win the softball throw. I threw it 85 feet and I won by 5 feet from a different girl. I'm happy that all our fifth graders tried their hardest and since we did we won a lot of thing but the other schools did work super hard, TOO!

**BY AUDRINA**

One of the many things I will remember from my time at Nerstrand was going to Wolf Ridge. It was really fun doing the rock climbing class, because I got to kiss the goat at the top of the rock wall. A lesson I learned here at Nerstrand is to be grateful and kind to everyone and everything. The people I would like to thank is all of the teachers, my friends, Barb, and Maggie because Maggie put in time to help with the problems I had with friends. The person I would like to give a special thanks to is Mike the janitor because he made me laugh and smile when I was feeling down. And it's fun getting to greet someone so nice and thoughtful first thing in the morning. I'm sad that I have to leave but I'm so happy to go to Middle School. So thank you. I'm going to miss all of you so much.

**BY NATHAN**

I will miss Nerstrand a lot. At Nerstrand I will miss a lot of things but one of those is Ambassadors. A couple lessons that I learned is to make a lot of friends and also to do the right thing or you may have negative consequences. Another thing that I will miss about Nerstrand is all of my friends and teachers. An event that I will miss at Nerstrand is when I got to go to different events as an Ambassador. The final and my third favorite thing about Nerstrand is All School Field Day. Nerstrand is a great place I wish I could stay at Nerstrand for my entire school career.

**BY TRISTAN**

I will miss all of my friends, the effort teachers put in to help us learn, no matter how we were acting. For me there wasn't one certain lesson that stood out because everyday we learned a new lesson. I'm thankful for all of the things I have learned here and all of the great memories that I will never forget. One of my favorite things about Nerstrand is if someone was having a bad day someone would go jump in and help cheer that person up. I'm thankful for all of the respect most of the staff has gave me no matter how stubborn I am. Some people I won't forget are my 5th grade friends that were always there for me thanks to Cooper, Noah, Nate, Andrew, Owen, Claire, Nealie, Audrina, Ruby, Maria, Olivia, and Kaylie. Some 4th grade friends I also won't forget are Atley, Carson, Jace, Dom, Carter, Mav, Jacob, Mason, Aly, Kizzy, Mya, and Olivia. I will miss the kindness from everyone and the friendships I have made. Big thank you to my teachers my classmates and this school. Some field trips I won't forget are Como Zoo, Riverbend, and my favorite of all time Wolf Ridge. I hope you guys will and have enjoyed these trips as much as I have. I hope you guys will remember me and keep doing good in school. I hope I have made a good impact on your life in any way shape or form. I will never forget the people I have met here and I hope you won't forget me either.

**BY ISABELLA**

Today I will tell you about my time at Nerstrand. One event I will never forget is going to Wolf Ridge because I had a lot of fun. We learned how to live in the cold for a week. Some people I will never forget is my teacher and my friends. I will miss all the teachers and my friends because they are amazing. I will miss Nerstrand school because I will miss everybody. One of the important lesson I learned at Nerstrand school is kindness and how it is important in my everyday life. One experience I will never forget is how hard it was to make friends when I was a new student.

**BY NEVAEH**

My years at Nerstrand have been wonderful. I have been here for 1 and 1/2 years. Both years I was with Morgan. I have a lot of friends and they have been nice to me. Lots of them have played with me at recess. The reason that I won't forget my friends is because they were good friends. I will miss my teachers because they were nice to me and they helped me when I needed help. One important lesson is when Morgan talked about kindness to us. What I like about the school is that I made a lot of friends really quick. My most memorable moment was when all of the 5th graders went to Wolf Ridge. One of my favorite activities while at Wolf Ridge was animal signs. A lesson that I learned during my time at Nerstrand was about kindness. Kindness was shown to me by Morgan and my classmates. It made me feel happy and grateful.

**BY NEALIE**

I'm going to miss Nerstrand a lot! I enjoyed going to Wolf Ridge, and 5th grade Field Day. I had a rough start at 5th grade, but my friends made the year easier and better. I liked how this school has band because I enjoy playing the flute. Another thing I liked about this school is we have music and physical education every day. The last thing I liked about this school is that it's a small school and makes me less nervous to walk into. An important lesson I learned at Nerstrand is to be kind and have fun! I am going to miss this school and everyone in it. Thank you teachers and paras for helping me out through my 6 years at Nerstrand, and thank you Mike for being so funny and nice to me!

**BY LEXI**

One experience that I have had is going on field trips. I loved going on field trips. When I went on them I had so much fun. I would always remember a week before saying I want to go now! One thing I'm going to remember is Wolf Ridge, especially when I had to do the ropes course. I also liked all my teachers at Nerstrand. I had Heather, Sarah, Andrew, and Morgan for core class teachers. I'm also going to miss band, drumline and more cool classes. One important lesson that I learned at Nerstrand School is to always trust a teacher or para or an adult at the school. If something is wrong and an adult says that they will do something they most likely will. At least they always did for me. There are so many more. I love this school and I'm so sad that I have to leave.

**BY OWEN**

Some people I will miss when I leave Nerstrand are my friends Cooper, Tristan, and Andrew. An event I will miss the most is the All School Field Day. It is the best day of the school year because it is the most competitive. Another event I will never forget is my first time doing my spotlight because it was my first spotlight. It was my first year at a school and my first friend was Cooper. And he still is my friend today. I first met Cooper at day-care and we ended up in school together. I also will remember Wolf Ridge forever because it was so cold! It was like -50 when we went fishing. I tried to grab my fishing line out of the water and my gloves got very wet and they froze solid!

**BY MYRA**

My time at Nerstrand has been phenomenal because of the amazing teachers. I will always remember my first day of school because of my helpful classmates and teachers. I will also always remember Wolf Ridge and all my wonderful friends. I will miss walking to the Big Woods. I also will miss all the fun events we had and I will never forget them. I learned the value of everything you say and do. Someone I will never forget is Morgan. Morgan is an amazing teacher and stood out with her kindness. All of my other teachers were also amazing. I will miss knowing every teacher and almost every student by name. I will miss being able to call my teachers by their first name. One of the most important lessons I learned at Nerstrand was to always try your hardest and tell yourself you can do anything you set your mind to. If you tell yourself you can do anything your goals are more achievable. I will miss all the wonderful friends that I made during my time at Nerstrand.

**BY COOPER**

My time here at Nerstrand Elementary has been great! I remember crying on the first day of school because I didn't want to leave DMCS. I

felt like I would have no friends at this new school. But the first day I found out my friend Owen was coming here and I was happy. Next thing you know I meet my best friend Tristan. And then Theo, Noah, Nate, and now I had a lot of friends. From that moment I never didn't want to come back to this school because I had all these friends. All the teachers taught me so much and made me so smart. I always got the help I needed from them. It's so hard to think I have to go to a new school and leave all my friends and awesome teachers. I will never forget my experience here. I always will be so thankful to come to such an awesome school.

**BY ANDREW**

My time at Nerstrand was amazing. I had many fun experience here. My favorite was this year at Wolf Ridge. It is an outdoor and indoor camp up north. We have classes. Some were birds, rock climbing, and ropes course. We had a super time. The best part is it is only 5th graders. 3 things I'm going to miss are P.E everyday, the nice teachers, and my friends. One big lesson I learned is BE A LEADER. In Woodlands I learned to be a leader.

**BY KATE**

My time at Nerstrand Elementary school has been some of the best experiences I have had. One of the unforgettable experiences I had was going to Wolf Ridge. When I went to Wolf Ridge me and some of my friends went on a night hike. The reason why it was so fun was because we were walking in the dark and we were screaming because we thought we saw people under the trees. One time Erin fell on me and accidently pushed me into a tree. We were so scared but it was really cool and we saw so many stars. But that was only some of the things that happened that year. Now here are some of the things that I am going to miss about Nerstrand. I am going to miss my teachers that I have had. I am going to miss my friends and having so much more.

**BY PATRICK**

My time at Nerstrand was fun and the things I will miss most about Nerstrand School is all of the people here. The other thing that I will miss about Nerstrand School is that we went to Wolf Ridge. My favorite memory of Wolf Ridge was when I went ziplining on the obstacle course. And we had so much fun at Wolf Ridge. I learned how to make friends at Nerstrand School, how to get my work done, and how to treat people kindly.

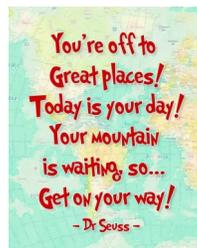

**BY ERIN**

My time at Nerstrand elementary school has been the best experience I've ever had. Something that I'll never forget is everything Morgan has taught me. Like how kindness is one of the most important things in the world. It's like every little act of kindness you do for someone is a big thing for the person you're doing it for. I will also never forget how much I learned at Nerstrand like to be yourself and not give up. That's also one of the most important thing I learned. One experience that I'll never forget is at Wolf Ridge. Me, Kate, Nealie, Maria and Morgan were in the same dorm. One night when we were in our dorm room Kate asked Morgan to get a tag off of her sleeping bag and Morgan was going to use her teeth to get it off because we didn't have any scissors. Then I said don't do it because you'll get her breath sample. But Morgan never did use her teeth to get the tag off Kate's sleeping bag because it was too weird. Something I like about Nerstrand is that it teaches you how to be a role model, and that failing/messing up is ok because there is always someone who can pick you up or someone who can help you. I will always remember Nerstrand Elementary School and how much it taught me. I never want to leave Nerstrand. I'll miss it so much.

**BY NOAH**

I will really miss my friend, Tristan because he is a really good friend and we are really close. I will also miss Carter and Atley because they were really nice to me and they hung out with me a lot. I will really miss having recess and playing football with my friends. I will miss my time at Wolf Ridge and being with my friends. One thing I learned at Nerstrand was to have fun and try to make each day the best it can be.

**BY MARIA**

I will never forget my first year at Nerstrand. I will always remember how nice all the teachers and students were. I will also never forget all the fun field trips we had such as going to Wolf Ridge with all my 5th grade friends. My experience at Nerstrand was awesome. You get to do a lot of fun things. And I think for being my first year here it was really good. Everyone is so respectful and they all make you feel belonged. Here are some people I want to thank for helping me get through the year. Ruby, Nealie, Morgen, Andrew, Claire, Lillian, Olivia, Heather, Philip, and the best for last I want to thank Carmen for letting us exercise so much. Next year I am going to the Middle School and honestly I wish I was still a little girl. I remember when I had a best friend and she moved to Wisconsin. Her last words to me were, "I will never forget you, and I know you will make more friend because you are such a sweet little girl."

**BY MILA**

I have been at Nerstrand for 4 years and I have learned a lot. I learned that being kind is the best way to live. This will always be the most favorite school I will ever love as much as any other. Some of my favorite traditions are Fly up Day, Discovery Day, all school Field Day, and Pajama Day. I am very sad to leave and this school will always be in my heart. I have made a lot of memories here, this school is amazing and I will miss it very much. Some of my favorite memories when I was in 2nd and 3rd grade we; I tried dark chocolate I think it was the brand but everybody ran to spit it out. There was a line from my classroom to the water fountain. I also remember Wolf Ridge, it was so cold and so fun. I love all the art projects that we do. I made a lot of art while I was here. I made a paper mache mask and I made watercolor. I made a lot of cool stuff. We also did a lot of cool things like the tipi experience, fly up day, 5th grade Field Day, and the carnival. There are a lot of things I am going to miss. I am sad to leave this school. I hope that other people have a great experience.

*(Fourth grade students will share some thoughts about their 5th grade friends.)*

Dear Faith,

It was fun having you in our class. I enjoyed having you as a friend this year and it was fun having you as a partner in reading. I will miss you next year. I hope you continue girl scouts. You are a good friend to Bella and I. Good luck next year, in Middle School.

By, Ary

Dear Ruby,

It was really great being your friend and laughing our heads off and I am really sad that you have to leave this year. You are great at jump roping. I had a great time being your partner for tips for a successful school year. You are so cool. I am very grateful to be your friend. Oh and by the way, good luck next year! [ P.S. I hope we can still hang out.]

Sincerely, Mya

Dear Aiden

I had fun with you this year in science and in Guided Reading Group. I liked how you were nice to me. I hope that you have fun and make some new friends in Middle School. I will miss you here at Nerstrand school because you were very friendly to me. Again I hope you have fun in sixth grade. Sincerely, Nick

Dear Noah,

I've always appreciated working with you. You have always been really kind to me and I like that. I will remember all the times that you got me in at trench. I've always had a lot of fun with you! I will really miss you because you were always kind, respectful and gentle to me and my friends. I really hope you have a really great year in sixth grade. I will always keep in touch with you.

Sincerely, Atley

Dear Pat,

you were a good friend to me this year. We had a couple of arguments but let's put those aside. Let's talk about the good things like; in groups together, sitting on the bus telling jokes, and playing outside together. There's a lot of other things but our relationship will never end unless you move to Africa. Or move away; you know what I mean. But otherwise it will never end. I'm happy we got in the same class and one other thing I like doing with you is playing Prodigy.

By, Carter

Dear Lynus,

You are so generous. You are fun and we had so much fun when you let me have a ride on your riding lawn mower. We had lots of fun together when we played Prodigy. And when I let you ride my hover board, and go kart extension We had fun when we played video games. Good luck in Middle School!

By, Jaxson

Dear Nate L.,

I had a really good time with you this year. Your jokes are funny, and you are nice, and all other things like that. The best thing that I like about you is you have good sportsmanship and are nice about it. You have a good group of friends. One of them is me and I am happy about that. You are respectful and kind to me and my friends. You are nice to my friends too and just kind and gentle. We will miss you next year, Nate.

By, Jace

Dear Neveah,

When you go to Middle School I will miss you and your love of unicorns. I will miss you being my friend. I will miss playing shapeshifters with you. I will miss you and the way you smile. When you smile the whole world stops and stares for awhile. I will miss playing with you. I hope you make new friends and keep the old ones. Good luck!

Sincerely, Ava

Mila,

One of my favorite times with you was when you and I played Shopkins on the bus. Another, more recent time was when you and I tried (and failed) to make that lemonade poster (I failed at the 3D look and pretty much ruined the poster). A different time was when we pretended to drive an airplane and that we were the pilot and co-pilot's daughter. (I'm running out of 'recent' and 'and then') and then there was that time when we played that I was your little sister and you went to hog warts. (Did the hog really have warts) (and why did they name it that anyway?) Another thing we have in common is that we both love Harry Potter. Can you possibly guess who I am? (you also hate it when I hug you.

Good luck Mila.

Love, Evelyn

Dear Olivia,

My memories with you are fun times. We worked well together in reading and during morning meeting. I had fun with you in class this year. You are nice to me and you care about others. I hope you have a good time in Middle School. Good luck and see you soon!

From, Ary

Dear, Kaylie

I really enjoyed working with you in EVERYTHING! You are a really good reader, writer and you have really good handwriting. You are a really nice friend and I loved hanging out with you. I loved how you played your band and drumline instruments. I will remember the times at recess when we played on the snow hill and played other games too. I had a lot of fun with YOU!. I will miss you at Nerstrand school because you were always kind to me and when I was down you would always cheer me up. I hope you have a great year in six grade and I also hope to see you in summer.

Your Friend, Lillian

Dear Tristan,

I enjoyed hanging out with you and playing sports with you at recess. When I was going through some tough times you helped me through it. We always had each others back. Remember when you lost your soccer ball on the roof lol :). How about that time when you and I ate too much pizza at pizza ranch and when we clapped for those kids at Sky Zone in dodgeball, good times. Good luck in 6th grade and I hope you survive! (plz do). Can I get your number so we can keep in touch?

By Dominic

Dear Andrew,

We will miss your love for sports. We appreciate your kindness. We like your good sportsmanship. We like how good you are at reading. We like playing games with you. We like that you congratulate us after we run the mile. We like how you push us through times. You are a great leader!

Sincerely,

Eli and Mavrick

Dear Kate,

I love how you cheer everyone up. I also appreciate how you include everyone. Also I like that you are always kind. I will miss your smile that brightens up everyone's day. We will all miss you very much. I wish you luck in 6th grade. I hope you have a great time!

Sincerely, Lila

Dear Cooper,

We think you're a fast athlete. We will miss you because you are a good friend. You are funny and a good reader. We think you're a good helper with little kids. We think that when you play games with us you are a good sport and a good leader. We will miss you a lot. You are our favorite fifth grader. Next year we hope you love Middle School.

Sincerely, Jacob & Mason

Dear Erin,

I appreciate you because you make me laugh when I cry. I will miss our “moo moo”. Something kind you have done was talk to me when I needed someone to talk to. Something you are amazing at is volleyball. My favorite thing we have done together was when you buried me in the snow and called me a cow since they are your favorite. You have been an awesome friend since I've been here. I will really miss you next year

Sincerely, Olivia

Nealie,

You are so nice. I appreciate that you are so kind, funny, nice and great. I will miss you so much. You have done so much. You're good at mazes and puzzles. If I was to go on about what you are good at, this would be 100 pages long. I will never forget you. You are the best. Thanks for everything!

Sincerely, Logan

Dear Myra,

I think that many of my fourth grade peers and I will miss your loving and bubbly personality. I chose you to write about because we share many opinions and likings, such as Harry Potter and colors. You've done many kind things to people and friends. You're always the first person to check in on things and say “hi”. Once again you are good at many things like making everyone smile and laugh when they are sad. Your smile is contagious to be around. One thing that I loved doing with you is spending three years in your company and kind heart. Thank you for making me smile always.

Sincerely, Kizella

Dear Kate,

I like the way you smile. I appreciate that you include everyone. I like that you are always kind. I like that you cheer everyone up. I will miss your kindness and smile. I wish you luck in 6th grade. I hope you have a great time.

Sincerely, Collin

Dear Bella,

You have been one of the nicest people I have ever met. I will miss you because you're a good friend. You are funny and you're pure in heart. I will miss you when you go to sixth grade. I hope that you have the best 6th grade year ever. Something nice about you is that you're a friend to everybody. You're one of the best artist I know. When we did the wax museum project you were great at Annie Oakley.

Good luck!

Sincerely, Stevie

Dear Owen

We hope you have a great time at Middle School. We appreciate how you make us and the class laugh. We will miss you because you are a good friend. We like how you are good at football. Our favorite thing we have done with you is play silent ball. We like how you are good at soccer and how you are good at basketball. We like how you are so athletic. Good luck next year in middle school!

From, Tim & Carson

Dear Lexi,

We have done so much with each other. It's going to be so hard when your gone. I really appreciate when I'm down you try your hardest to cheer me up. My favorite thing we've done together was when we wanted to practice our dance so we were seeing if the Prairie students were. I went between Sara's feet to see if the Prairie was back and they weren't. I remember when we were forced to sit by each other we were miserable for the first week, but then we talked all the time. I will miss you so much because you are always helping me with my math homework. Remember when we made those viking papers and gave them to Andrew? He got so mad. I wish you the best of luck in your Middle School years.

Sincerely, Aly

Dear Families,

When I was in the classroom teaching, this final Eagle's Nest was a major highlight for the 5th graders. A chance to remember their time at Nerstrand was always a right of passage. We would spend a bit of time in the room brainstorming what they wanted to write. It was always funny to hear what memories stuck out most in their minds. Usually a moment with a friend that captured their friendship or a game they loved in kindergarten during choice time. This is a reflective time of year for teachers and students; looking back over this past year and the year's previous. We hope you enjoy this final Eagle's Nest of the year.

My daughters were both graduates of Nerstrand School. We reminisce about their time in elementary school often. One of their most cherished items from Nerstrand, are their Spotlight videos and old Spotlight posters. The video/cd is a great account of their growth and change over the 6 years they are in elementary school. We hope that families enjoy this gift! It is an unusual record to have of a child repeating the same activity over 6 years of their life. The growth in each child emotionally, physically and intellectually is obvious to see. Seeing those videos always reinforces to me how important the elementary school experience is to students. Having a solid base in elementary helps children to do better in middle and high school. If they stay at the same school the entire time, it is also the longest period of time they have within one school.

Thank you for choosing Nerstrand School for your child(ren) elementary education. I hope all of our families have a safe and happy summer break. To our graduating 5th graders and their families, I wish you all the best in your transition to a new school setting. I hope you keep in touch. I will miss you!

Best,

Maggie
